

SAFE USE OF GOLF BUGGIES

- Observe all signage on the course
- Additional care must be taken on slopes
- Do not drive within 2m of ditches, greens and bunkers
- Additional care must be taken if the course is wet

Note the following areas, where EXTRA CAUTION should be taken: -

Hole	Comment
6	Take extreme care when descending from the tee downhill towards the green the ground is very uneven. Please keep to the right hand side as the ground is more even. Please go down the 13 th and around the tree when conditions are wet.
9 & 10	Take care ascending onto the ninth fairway especially when the ground is wet. Do NOT choose the steepest part of the hill. Travel towards the 10th tee by going behind the 9th green and around the back of the tree.
13	Take care descending the path from the tee and take care going up the steep hill towards the green.
14 & 15	Take care down the hill from the 14 th tee and extra care travelling up the steep hill towards the 15 th tee. Please use gravel path. Use the path from the fifteenth tee down the hill and be careful going up the hill towards the 15 th fairway.
